# Soil Treatment & Materials Recovery in the South West

5th July 2017

A workshop designed for developers, consultants, landowners, waste operators and regulators. Topics for discussion include the need for treatment in the SW of England for materials such as construction and demolition waste and contaminated soil, new developments in the regulation of waste, materials re-use and recovery and the results of leading-edge research.

**Photographic competition:** Send your most artistic shot of a materials recovery or a remediation site in hard copy or electronic. Please email Marie Barbe at CL:AIRE for more information - [marie.barbe@claire.co.uk](mailto:marie.barbe@claire.co.uk)

**Poster-paper competition:** Best remediation project in the SW or the most innovative approach to soil/wastes/recovery dealing with brownfield site issues, invasive weeds, security, monitoring etc. Please email Marie Barbe at CL:AIRE for more information - [marie.barbe@claire.co.uk](mailto:marie.barbe@claire.co.uk)

## Registration

Due to increasing costs in delivering training/networking events we will charge a modest fee to allow us provide refreshments and a buffet lunch during the session breaks to maximise networking opportunities.

Thus a fee of £30 (+ VAT) will be required to attend the meeting. The fee for LA and EA staff is £20 (+ VAT).

Registration can be made on the CL:AIRE website: [www.claire.co.uk](http://www.claire.co.uk)

## Exhibition and Sponsorship

A limited number of exhibition stands will be available to firms wishing to sponsor the event. These will be £200. Please email Marie Barbe at CL:AIRE - [marie.barbe@claire.co.uk](mailto:marie.barbe@claire.co.uk)

## Location

The Kenn Centre is situated in the village of Kennford, close to Exeter and with easy access to the M5, A30 and A38. The address is Kenn Centre, Exeter Road, Kennford EX6 7UE (<http://www.kenncentre.co.uk/>).
